Types of cover

Australian Catholic Superannuation members have access to three types of insurance cover:

Death only

(including terminal illness)

Pays a lump sum to your beneficiaries if you die or to you if you suffer a terminal illness.

Death and Total & Permanent Disablement (TPD)

Pays a lump sum if illness or injury means you are unlikely to ever be able to work again.

Income Protection

(also referred to as Temporary Salary Continuance)

Premiums will be deducted from your account on a regular basis, usually monthly. The Death only, Death & TPD and Income Protection premiums are detailed below. The scales and premiums applied are correct at the time of publication and we will notify members of any changes.

Insurance is provided under group insurance policies taken out by the Trustee and issued by AIA Australia Ltd ABN 79 004 837 861 AFSL No. 230043. This document contains information effective on and from 1 January 2021.

Insurance Premium Tables – Closed Category

The Closed Insurance Category applies to a small number of members of the Fund. The premium tables below will only apply to members with personal insurance cover as at 30 June 2010, who elected not to transfer to the new unisex insurance arrangements as at 1 July 2010.

If you elected to remain in either the Closed Category Death and TPD insurance cover or the Closed Category Income Protection (Temporary Salary Continuance) cover, the premium description on your annual statement will be recorded as:

- Death and TPD “Closed to New Business”
- Income Protection (Temporary Salary Continuance) “Closed to New Business”

The insurance premium deducted from your account is based on:

- The amount and type of insurance cover
- Occupational Category (Table 3)
- Premium for the age next birthday (Tables 4, 5 and 6).
- To determine the premium that will be used in the calculation of your annual premium, you multiply the Occupational Category Loading (Table 3) by the premiums from Tables 4, 5 or 6.
- Whether you smoke
- Your sex
- Whether any health loadings were applied at the time your insurance cover was accepted.

Table 3: Occupational Categories and relevant premium loadings for Closed Category Insurance Cover		Premium loadings
